SONIC UNIVERSE™

PREVIOUSLY...

In another time, in another place...

Sonic the Hedgehog has raced against many a foe in battle over the years. From high stakes competitions against the Babylon Rogues to winner-take-all showdowns with Metal Sonic, our hero has taken on the best of the best, time after time, and it's always safe to bet on our true blue hero to win! But no competition that the blue blur has faced so far can compare to the fierce rivalry and deadly courses of the ultimate racing duel: the All Star Racer Gran Prix!

The last time Sonic and his all star friends raced, the evil Dr. Eggman turned up to wreak havoc on the racers and conquer each course for himself. Sonic was eventually able to defeat the crooked doctor, but on the eve of the second All Star Racer Gran Prix our heroes are left to wonder what evil schemes the Eggman has cooked up from the shadows.

This time, the race will be a unique test of abilities on land, sea and air. This time, if Sonic wants to win he'll need to conquer all three AND defeat the Eggman.

This time, it's not just racing –

it's racing TRANSFORMED...

Dear 'My Sonic Universe,'
Just wanted to comment a bit on Sonic Universe, and to sum it up in two words: it's awesome.

It most certainly is!

I'll start with "Secret Freedom." Love the story, love the action, and love Silver (he's got to be my favorite!).

Silver is a pretty cool dude. He's got super awesome psychokinetic powers, fashionable boots, and the craziest hair style ever!

Second would be from what I hear about (deep breath) Sonic and Sega All Stars Racing: Transformed. Could you guys thank Sega for having you guys do a story adaption? Thanks.

Your thanks will be sent at supersonic speed!

The fact that Danica Patrick is in it is all the more cooler. I'm both a Sonic and automotive enthusiast, and this is a wonderful fusion! I'd love to hear you guys, and keep on juicin!

Darren L.
sent to sonic@archiecomics.com

Thanks, Darren! We hope you enjoyed the racing story as much as we did making it!

Dear 'My Sonic Universe,'
I just finished reading issue 44. First of all, the ending sent chills down my spine, so kudos to you guys!

Your kudos is much appreciated! Naugus just keeps getting creepier and creepier.

Second, I can't believe it looks like Sally is the traitor! Can you guys give me a sneak peek into the future? Even the smallest of hints? The suspense is killing me! I'm nearly as impatient as Sonic himself!

Your excited and most restless fan
Andrew K. sent to sonic@archiecomics.com

Thanks for writing in, Andrew! It looks that way doesn't it? But looks can be deceiving! You'll just have to read on to find out!

Dear 'My Sonic Universe,'
My name's Aaron, and I'm a huge fan of the comics. I have been since I was young, and I've collected them since. But, in recent years, I haven't gotten many of the comics and I regret it. But, since the Archives and the Sonic Super Specials came out, I've been all caught up.

The Sonic Graphic Novel Library is the ultimate collection to keep you up to speed! Pluggityplugplug

I gotta say the stories are flawless and the art is amazing. Gotta love Tracy Yardley! and Ben Bates. And now for questions. :D

Fire away!

1) Will Mecha Sally ever be De-roboticized?

Only time can tell... or Ian. Whichever comes first.

2) What was going through Jonathan Gray's mind when he drew the Human-mutated Ixis Naugus in the Off-Panel of the third part of the Secret Freedom of SU? It's hilarious!

All of the things were going through his mind. That, or Jon Gray is just plain crazy! :)

Well, I'm out of questions, unfortunately. You guys are awesome and KEEP ON JUICIN' !

HUGE FAN,
Aaron B.sent to sonic@archiecomics.com

Thanks, Aaron!
